Join Murray UU Church and Representative Hawkins, as we come together virtually to discuss state and local initiatives to encourage commitment to environmental justice and clean energy. We welcome Massachusetts Senator Paul Feeny, Representative Joan Meschino, Representative Adam Scanlon, and Representative Jim Hawkins as they join us to discuss opportunities for funding and policy that are working to end the use of dirty fuels and create a call to action around shared priorities of their constituents that aim to expand transition to renewable, clean energy across the state and end climate and environmental injustice.
