

# BINGO for Life

What common milestones have you reached in your life? Have you turned 50? Are you an empty nester? Have you broken a bone? I'll discuss some common and maybe not so common milestones that we have achieved in our life. We'll post the "bingo" sheet on zoom and the website and you can see if you get a Bingo. Whether you get Bingo or not we'll discuss each one and you can put in chat if this is something you have achieved and for some of them share a short sentence or two about the event.
